## St. Mary's Preschool Program

St. Mary's offers an early childhood program for children three, four and five years of age. The goal of the school is to promote the spiritual, social, emotional and intellectual development of each child in a nurturing atmosphere with Catholic values.

Our students are exposed to a range of classroom experiences including, music, art, dramatic play, reading, building, exploration, dancing and language designed to stimulate their creativity, physical development, and problem solving abilities. The teacher and children gather each day for group learning opportunities designed to enhance each child's cognition, perception, and communication skills. Personalized instruction is provided on a daily basis so that each child receives a challenging and engaging education. The program includes pre-reading, math and religious education curriculums. We promote positive participation in our school community, respect for fellow students and teachers, and helping one another. Our goal is to help each child grow their sense of self-worth and well being and always encourages the positive "I can" attitude.

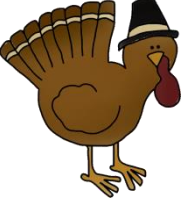

## St. Mary's Catholic 3s Preschool:

- Is an early childhood program designed to stimulate each child's social, emotional, spiritual and academic learning for children for are 3 years of age by September 1, 2017
- Promotes child development through hands on, play based learning
- Offers a spiritually rich environment
- Has a curriculum that is theme based planned around numbers, letters, seasons, holidays, & community awareness
- Prepares students for the Archdiocese of Washington's demanding prekindergarten academic standards
- Affords children the opportunity to learn confidence, friendship, independence, & cooperation in the classroom
- Incorporates art, music, physical education, technology, and library into classroom activities each week
- Has two classroom teachers with a maximum student to teacher ratio of 9:1
- Provides for an easy transition into St. Mary's prekindergarten class
- Has affordable, all-inclusive tuition with financial assistance available to families with demonstrated need
- Is licensed by the Maryland Department of Education's Office of Childcare

\*This is a tentative guide designed to give you an idea of our classroom themes. We may adjust the pacing and themes based upon the class needs and interests.

We believe that a successful parent-teacher partnership is critical to giving your child the best preschool experience. We encourage frequent communication and welcome parent participation.

### **Parent Involvement**

Each family is encouraged to assist and participate in the preschool program. It is always interesting to see a classroom in action and to see your own child interacting with other children and away from home. The school uses volunteers for field trips, classroom special occasions, school celebrations, coordinating parent socials, and many other events. We are so grateful for the wonderful support our parents provide to enhance our school community. Parents with special skills, talents, hobbies or places of work suitable for field trips are encouraged to bring this to the attention of the teacher.

### **Parent-Teacher Communication**

There is a general orientation meeting in August that parents are asked to attend. Conferences will be held twice a year in November and April. Report Cards are distributed in January and June for families enrolled in the four year old classes. The three year old students will receive a written evaluation at the spring conference. If you have any questions about your child and his or her progress, please remember you may call or email a teacher and request an appointment to meet with the teacher. Teacher contact information is posted on the St. Mary's School website.

Any parent who has any contact with the children must be in complete compliance with the Archdiocesan Child Protection Policies. All volunteers are required to complete the Archdiocesan Child Protection Virtus Training, have criminal background checks, and complete necessary paperwork.
